# SUSTAINABILITY

Produced in a Fair Trade Certified factory, adhering to rigorous social and environmental standards for worker welfare and income sustainability.

WRAP certified production, meeting fair labor standards for the safety, health, and wellness of employees.

BSCI certified production, meeting fair labor standards and sustainable practices for the safety, health, and wellness of employees and the environment.

Meeting standards for tracking and verifying the content of recycled materials in a final product. The standard applies to the full supply chain and addresses traceability, environmental principles, social requirements, chemical content and labeling.

Meeting strict requirements regarding organic textiles as containing a minimum content of organic fibers, being processed with the least possible environmental impact, under strict controls on natural and synthetic chemical inputs and with respect for labor conditions.

Meeting all criteria for certification of organic materials and chain of custody.

No release of chemical compounds that are harmful to the environment and health when worn or washed. All Spring/Summer 2025 products are PFC Free.

Topo Designs offers a reasonable lifetime warranty against defects in materials and workmanship.

Certified that the end-product and all its components are not dangerous to humans. Products that carry this label have been tested and proven free of harmful toxins.

Fabric is manufactured to strict safety and environmental requirements - the highest standards in the industry.

Sedex Members Ethical Trade Audit Report is an audit which helps understand standards of labour, health and safety, environmental performance, and ethics within operations at a supplier site.

100% Natural Fibers: Crafted exclusively from natural fibers, ensuring eco-friendly quality and comfort.
